

## Wisconsin Department of Natural Resources Monitoring the Implementation of Property Master Plans

Property or Properties: Bohn Lake IATA

Year Master Plan was Approved: 2008

### Property-wide

<b>MASTER PLAN OBJECTIVES</b>  Real Estate Mtg.	<b>Recent Park Land Acquisitions / Transactions</b> <ul style="list-style-type: none"> <li>Acquire acreage within the expanded project boundary totaling 2 acres</li> </ul>
<b>Accomplishments 2014</b>	

### Property-wide

<b>MASTER PLAN OBJECTIVES</b>  Vegetative Mtg.	<u>Oak Barrens (Savanna) Restoration Site</u> <ul style="list-style-type: none"> <li>Restore and maintain approximately 105 acres of ecologically functioning oak barrens native community with an open park-like structure along the north side of the Bohn Lake (See Map B).</li> <li>Provide opportunities for research, ecological observation, interpretation, and wildlife viewing.</li> <li>Support public education and ecological interpretation use of the area by providing other necessary low impact facilities (benches, interpretative signs, etc.) for the Ice Age Trail. Locate, construct, and maintain these trails in ways that minimize negative impacts to sensitive resources in the area.</li> </ul> <u>Pine Plantations / Stands</u> <ul style="list-style-type: none"> <li>Periodically monitor for and eradicate exotic species. Glossy buckthorn and garlic mustard are the primary targets for eradication.</li> </ul>
--	---

	<ul style="list-style-type: none"> <li>• Thin the pine plantation to promote larger diameter, vigorous pines.</li> <li>• Long term, both of these stands should be incorporated into the prairie and oak barrens objectives.</li> </ul> <u>Prairie Restoration</u> <ul style="list-style-type: none"> <li>• Restore open fields along the southern part of the property with native prairie species, especially wild lupine, to support the needs of the rare Karner blue butterfly.</li> </ul>
<b><i>Accomplishments 2014</i></b>	

### Ice Age Trail Recreation Management Area

<b><i>MASTER PLAN OBJECTIVES</i></b>  General Mtg.	<ul style="list-style-type: none"> <li>• Provide for approximately 1.2 miles of Ice Age National Scenic Trail,</li> <li>• Provide for other compatible non-motorized recreation uses that support the Ice Age Trail,</li> <li>• Support public education and geologic interpretation of the area.</li> </ul>
<b><i>Accomplishments 2014</i></b>	

### State Natural Area

<b><i>MASTER PLAN OBJECTIVES</i></b>	Protection and recognition of the interior beach habitat along with the undeveloped shoreline and management of the globally rare barrens natural community.
